1. On 28 Sep 54, ^{US} company received an order from MAKINA VE KIMYA ENDUSTRISI KURUMU (Mechanical and Chemical Industries Establishment), ANKARA, TURKEY, for one (1) AJAX-TAMA-WYATT electric induction furnace, complete with electric controls, tilting type "ETI" for melting phosphorized copper, rated 100 KW, 380 volts, 50 cycles, with auxiliary spare and accessory equipment, costing US\$16,249 FAS New York. Delivery was to be in 12 to 14 weeks and cases are to be marked KIRIKKALE, Turkey.

2. ^{I know that's German subsidiary of a U.S. Company}
In Germany about 1928 sold many furnaces of an earlier type to this same Turkish company, which I believe manufactures munitions.
